what people are saying

I didn't know that we all have a reason we were born. I was really worried about becoming an adult, but now I know that I have a purpose and I have a really good idea of what it is!

-Jayden (19 yrs old)

Now that I know that I can have a really cool future doing things I like, I don't have to be a dentist or lawyer to be really fulfilled. I also learned that if I want to be successful with my art, I have to work just as hard as a lawyer. I need to learn skills that will help me be a great artist. I can't just sit in my room and draw all day if I want to be great.
